

Joint Authorities for  
Rulemaking on Unmanned  
Systems

**PRESS RELEASE No. 2022/01**  
**Feb 2, 2022**

## **JARUS elects Craig Bloch-Hansen as new Vice Chair**

The JARUS Plenary Team elected Craig Bloch-Hansen, Program Manager, RPAS Technical Standards, Transport Canada, as Vice-Chair (Americas) following a unanimous decision at the 1st JARUS Plenary Meeting of the year on January 28, 2022.

Mr. Bloch-Hansen will assume the position of JARUS Vice-Chair immediately. He will continue to lead the Working Group on Concept of Operation of Automation/Autonomous (AUTO CONOPS) until they finish the mission by April 2023.

Craig has spent many years working in the aviation and defense industry before joining Canada's CAA (Transport Canada). He is currently serving as Transport Canada's member of the ICAO RPAS Panel.

### **Resources for Editors**

JARUS is a group of experts from 65 National Aviation Authorities (NAAs) and regional aviation safety organizations, as well as EASA and EUROCONTROL.

Joint Authorities for  
Rulemaking on Unmanned  
Systems

JARUS aims to recommend a single set of technical, safety and operational requirements for the certification and the safe integration of Unmanned Aircraft Systems (UAS) in airspace and at aerodromes. Four Working Groups provide guidance material and recommendations to facilitate national aviation authorities and regional aviation safety organizations to develop their requirements and avoid unnecessary duplication of effort.
