

Joint Authorities for Rulemaking of Unmanned Systems

PRESS RELEASE No. 2014/04

October 20, 2014

**Publication for 1st Edition of JARUS – RPAS C2 link
“Required Communication Performance” (RCP) concept**

Please be informed that the final 1st edition of JARUS-RPAS C2 link RCP concept (Ed 1.0) is now available on the JARUS website. It can be found under the “Official publications” tab.

This 1st edition describes the process to define C2 RCP types. Its structure is very similar to ICAO Doc 9869 and the RCP parameters are consistent with the current understanding of the RCP in ATM communications.

JARUS is a group of experts coming from National Aviation Authorities (NAAs) from the five continents and the European Aviation Safety Agency (EASA).

More information about JARUS can be found on their website:
