

Joint Authorities for Rulemaking of Unmanned Systems

PRESS RELEASE No. 2015/07

July 29, 2015

EXTERNAL CONSULTATION

JARUS* Recommendations CPDLC in the RPAS communications

Please be informed that the JARUS Recommendations on the use of Controller Pilot Data Link Communications (CPDLC) in the RPAS communications context is now available on the JARUS website under "External Consultation". You will find in this file the document in pdf and the user guide to get access to the new JARUS comment tool.

CPDLC has been developed and regulated for non-RPAS aviation. It is appropriate to observe how CPDLC is defined and operated today, look at the impact of RPAS on this technology and provide advice to accommodate RPAS in the CPDLC environment.

Since this document has already been presented internally to our JARUS members and has been approved by the JARUS Plenary Team, we are starting the external consultation immediately. The deadline for providing comments is **September 30, 2015**.

JARUS is soliciting feedback and comments from authorities and stakeholders in the non-military RPAS market from anywhere in the world. Please be aware that only comments using the JARUS SharePoint platform will be taken into account. **Annex 1** will explain how to log to the SharePoint platform

* JARUS is a group of experts coming from National Aviation Authorities (NAAs) from the five continents and the European Aviation Safety Agency (EASA).

For any questions, please contact;

ANNEX 1

Introduction

- JARUS [Secretariat](#) has created a Comment Tool in the JARUS Portal, allowing users to add comments to those documents that are published for external consultation.
- For those of you that are already registered in One Sky Online, please let JARUS Secretariat know as this “External Consultation” sub-site has unique permissions.
- For those of you that have never used this tool, please self-register in [One Sky Online](#) as a “New user” and let also the Secretariat know when you have done the registration. The Secretariat (Secretariat@jarus-rpas.org) has to give you then the access to this tool.

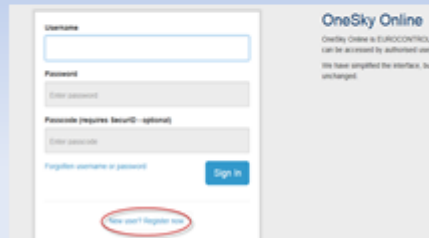

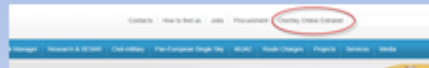

Joint Authorities for Rulemaking of Unmanned Systems

Basic Procedures for the new users

- Step 1
 - You self-register via <http://www.eurocontrol.int/> in OneSky Online Extranet
- Step 2
 - Then select “New user? Register now”. Fill in all the information required and once completed, click “Submit.”
- Step 3
 - Once the information has been submitted, notify JARUS Secretariat Secretariat@jarus-rpas.org in order to give you the access to the tool
