

**Joint Authorities for Rulemaking on Unmanned Systems**

**PRESS RELEASE No. 2016/15**

**20 September 2016**

**JARUS External Consultation now open: submit your comments online!**

JARUS is pleased to announce to the RPAS Community the start of the External Consultation on the [JARUS Website](#) for the following document:

- **JARUS guidelines on Specific Operations Risk Assessment (SORA)**  
*(deadline 19 October 2016)*

Registration to "[One Sky Team online](#)" is required to access the documents and submit your comments.

Already registered for the ongoing JARUS External Consultation? Access the SORA document directly at [https://ost.eurocontrol.int/sites/rpas/ext\\_consultations/SitePages/Home.aspx](https://ost.eurocontrol.int/sites/rpas/ext_consultations/SitePages/Home.aspx)

Otherwise, first self-register [here](#), then following the successful registration, please contact the JARUS Secretariat ([contact@jarus-rpas.org](mailto:contact@jarus-rpas.org)) to enable your access to the External Consultation SharePoint site.

Only comments submitted through the online site, within the deadline indicated above, will be considered.

Feel free to forward this message to anyone interested to contribute to the development of the JARUS deliverables.

---

**If you want to continue receiving JARUS news and updates, please register [here](#).**

---

**Note to editors**

JARUS is a group of experts from 46 National Aviation Authorities (NAAs) and regional aviation safety organizations, as well as EASA and EUROCONTROL.

JARUS aims to recommend a single set of technical, safety and operational requirements for the certification and the safe integration of Unmanned Aircraft Systems (UAS) in airspace and at aerodrome. Seven Working Groups provide guidance material and recommendations to facilitate national aviation authorities to develop their own requirements and avoid unnecessary duplication of effort.
