

## Joint Authorities for Rulemaking on Unmanned Systems

### PRESS RELEASE No. 2018/26

August 17<sup>th</sup>, 2018

### **JARUS External Consultation for “UAS Operational Categorization: Category C” is now open! Submit your comments online.**

JARUS is pleased to launch the External Consultation for "**UAS Operational Categorization: Category C**". We invite you to provide your comments on the document.

This new JARUS milestone contains a categorization concept for "*Category C – High Risk Operations*" adding to the UAS Operations Categorization document that proposes the level of involvement of National Aviation Authorities in the issuance of Type Certificates, operational Approvals and Certificates of Airworthiness for UAS.

The "**UAS Operational Categorization**" has been developed by JARUS Working Group 7 (Concept of Operations). Experts from several JARUS Member States have consolidated the content following the JARUS Internal and External Consultation process for the benefit of the entire RPAS Community.

The External Consultation will be open until **10th October 2018** on the dedicated site at [https://ost.eurocontrol.int/sites/rpas/ext\\_consultations/SitePages/Home.aspx](https://ost.eurocontrol.int/sites/rpas/ext_consultations/SitePages/Home.aspx)

Please note you must register on "**One Sky Team**" to access the documents and submit your comments.

#### **Already registered for the ongoing JARUS External Consultation?**

Access the "UAS Operational Categorization: Category C" directly at [https://ost.eurocontrol.int/sites/rpas/ext\\_consultations/SitePages/Home.aspx](https://ost.eurocontrol.int/sites/rpas/ext_consultations/SitePages/Home.aspx)

#### **Not registered?**

1. Self-register [here](#).
2. Then send an email to the JARUS Secretariat at [contact@jarus-rpas.org](mailto:contact@jarus-rpas.org).  
A member of the Secretariat will reply once you have been granted access.

**PLEASE NOTE: Only comments submitted online by 10th October will be considered.**

Please feel free to forward this message to anyone who would like to contribute to the development of JARUS deliverables.

---

**Note to editors**

JARUS is a group of experts from 55 National Aviation Authorities (NAAs) and regional aviation safety organizations, as well as EASA and EUROCONTROL.

JARUS aims to recommend a single set of technical, safety and operational requirements for the certification and the safe integration of Unmanned Aircraft Systems (UAS) in airspace and at aerodrome. Seven Working Groups provide guidance material and recommendations to facilitate national aviation authorities to develop their own requirements and avoid unnecessary duplication of effort.
