

JARUS document development and approval process

JARUS has a fast three-step process to publish and make available to the RPAS Community the results of the joint rulemaking efforts:

1. Working Groups (WG) Internal Consultation;
2. JARUS Plenary Team approval followed by JARUS Internal Consultation;
3. External consultation

JARUS experts, thanks also to the informal approach, are able to execute faster their task and reach a consensus in an acceptable and limited timeframe. The overall process is described below:
